

ESPERANZA

Esperanza Health Products

(a division of Esperanza Peptide Ltd.)

is proud to introduce our new range of vitamins and supplements used in the ongoing battle against Multiple Sclerosis (MS).

Over the past 23 years we have developed the **Esperanza NeuroPeptide** treatment for MS and the results are truly amazing! Hundreds of patients in the UK and Ireland have benefited by the treatment to date and our clinics fill quickly each and every month! You can get full details on the Esperanza NeuroPeptide treatment by calling our clinic booking centre at **01325 254420** or by visiting our website at **www.esperanzapeptide.net**

We are now proud to add to our treatment protocol, the new Esperanza Neurological Nutritional products - our Esperanza NeuroTriton vitamins and supplements are designed to help fight MS in the body by making the body as strong and responsive against MS as possible.

Esperanza NeuroTriton Daily Vitamins & Supplements for MS

(a specially produced combination of vitamins and supplements including high dose Vitamin D3 (5,000 IU capsules), B12 and BComplex that has been designed and manufactured especially for MS by Esperanza Health Products)

You can order your Esperanza NeuroTriton daily vitamin and supplement regime (that will help to keep your body at its utmost levels to fight against MS) by sending your cheque in the amount of £49.95 made out and sent to:

M.C. International, 1 Greenhill, Largs, Ayrshire, KA30 9JY, Scotland

Be sure to include your mailing address for your order to be sent to you via the post.
